TA & Training To Improve HIV/AIDS Care

The TARGET Center is the place to go for technical assistance (TA) and training to improve HIV/AIDS care for populations served by the Ryan White HIV/AIDS Program. TARGET stands for **T**echnical **A**ssistance **R**esources, **G**uidance, **E**ducation and **T**raining.

Go online to careacttarget.org and select from a wide variety of documents, slide shows, webinars, and self-study tools that can help your program deliver services more effectively and efficiently. Learn about topics like clinical care, engaging people in care, planning, quality, and more. Resources are designed for grantees, planning bodies, and consumers.

FIND a protocol or best practice on service delivery, planning, or program management. Sign-up for a training. Locate a regional training center, a hotline, a grantee or planning council.

LEARN about HIV/AIDS care topics through training seminars, how-to documents, and webcasts. Call the HelpDesk to get the information you need.

CONNECT to other Ryan White grantees and planning bodies to brainstorm or locate services for clients.

SHARE ideas with your colleagues by posting your best practices online. Tell your story as a Face of Ryan White.

Search For Resources By Topic. Sign Up For Training. Link To Peers.

TA Resources That Meet Standards.

Organized by topic are over 500 tools and best practices — developed by grantees, planning bodies, and HRSA's HIV/AIDS Bureau. Each of these items has met HRSA's review criteria for clarity, usability, relevance, and replicability.

Specialized TA.

At a glance, find an array of TA and training centers sponsored by HRSA/HAB specializing in areas like data, quality, provider training, and more than 15 areas of special help.

Ryan White Community.

More than 600 Ryan White grantees and planning councils are listed on this map-based page. Also find the Faces of Ryan White — photos and stories that grantees, planning bodies, and consumers share on ideas and best practices in HIV/AIDS care.

Join The Ryan White Community

Easy Access to Resources.

Find a Ryan White website. Find and share best practices. View multimedia trainings. Join a webcast.

Submit a TA Resource.

With one simple click, share your tools, best practices, or other resources with your Ryan White colleagues.

Become a Face of Ryan White.

Share your photos and best practices to highlight the front-line HIV care work being carried out by Ryan White grantees, planning bodies, and consumers.

Help Desk.

The Federal project officer is a grantee's first point-of-contact, but you can also call us if you cannot find what you need. Call 301.443.0067, 10 a.m. to 4 p.m., Monday through Friday, or go online to careacttarget.org any time.
