---

---

---

---

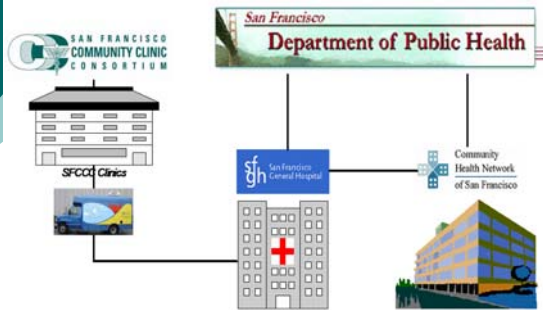

---

## San Francisco Safety Net

---

---

---

---

---

---

---

---

## Common Themes in our Vision for Primary Care for HIV Patients in SF Safety Net Clinics

- Redesign of Primary Care: Chronic Care Model, Team Based Care
- Population management of patients who are HIV Positive or at risk
- Standardized preventive and routine care guidelines, measurement tools
- A more interconnected Safety Net health information system for San Francisco's HIV population

---

---

---

---

---

---

---

---

## Procedures for New Tracking Group

- ESTABLISH definition of POF for the condition
- o run prevalence rate report from SFCCC Access DB
- o do clean up (clinic level), run corrected report
- o run automated process to populate EMR Problem List
- o link EMR Problem list to i2iTracks Problem list
- Set up REGISTRY TOOLS
- o decide on data elements to track
- o draft a Patient Visit Summary, revise with provider input
- o create i2i Report for condition
- IMPLEMENT
- o identify any back entry / chart audit needs
- o assign temporary support team member(s) if needed
- o identify reporting structure (to whom, when)

---

---

---

---

---

---

---

---

---

---

---

---

## Recommendations for Care

- o History
  - o Living conditions
  - o Acute/chronic illness
  - o Mental illness/cognitive deficit
  - o Developmental/behavioral problems Alcohol/nicotine/other drug use
  - o Health insurance/prescription drug coverage
  - o Sexual
- o Diagnostic Tests
  - o STI, PPD
  - o Mental Health Assessment
  - o MMSE
- o Physical Exam
  - o Comprehensive exam, dental assessment
  - o Immunizations up-to-date
- o Education/Self Management
- o Associated Problems
- o Case Management Services

**SFCCC: Lessons Learned in Expanding  
HIT– Essentials critical to success**

- Leadership at sites
- Implementation strategies must be sensitive to capacity for change
- IT support and training crucial to adoption
- Time at outset of registry design and configuration is crucial – plan for every thing you might want to do with the technology
- Showcase clinics where registry has improved care, workflow, teamwork

---

---

---

---

---

---

---

---

**Thank You**
