**Vision: Healthy Communities, Healthy People**

# HRSA OIT DDIS Mission and Vision

## Mission

- Maintain and enhance a unified data warehouse that captures accurate, relevant data from HRSA's programs and from external sources
- Implement innovative solutions to maximize the power of data in analytics, geospatial and reporting domains
- Build data analytics and business intelligence/insight capabilities to empower internal and external stakeholders with the right information at the right time to drive data-driven decisions
- Align with Federal Open Data initiatives to make HRSA's program data more transparent and accessible to the public and to partner systems

## Vision

- Single source for reliable and relevant data about HRSA's programs, where users have the power to perform analytics, explore health care services, data and maps

# HRSA Data Warehouse (HDW) Overview

---

- HRSA's enterprise data repository, collecting all relevant data in one place.
- Data are regularly refreshed from source systems.
- Decision makers in the organization use data dashboards, maps, and other business intelligence tools to answer questions.
- Over one million web visits per year at **[data.hrsa.gov](https://data.hrsa.gov)**.

# HRSA Fact Sheets summarize HRSA activities

## Ryan White HIV/AIDS Program

The Health Resources and Services Administration's Ryan White HIV/AIDS Program (RWHAP) provides a comprehensive system of HIV primary medical care, medications, and essential support services for low-income people with HIV. More than half the people with diagnosed HIV in the United States—nearly 568,000 people in 2019—receive services through RWHAP each year. The RWHAP funds grants to states, cities, counties, and local community-based organizations to provide care, treatment, and support services for people with HIV to improve health outcomes and reduce HIV transmission. In 2019, 88.1% of RWHAP clients receiving HIV medical care were virally suppressed, compared to 69.5% virally suppressed in 2010.

[Detailed state-level information](#) is available from the [HIV/AIDS Bureau \(HAB\)](#).

FY 2020 Funding	Unique Awardees	Total Awards
\$2,361,642,185	543	1,437

HRSA Fact Sheets provide an overview of HRSA's investments at a variety of geography levels – National, Region, State, etc.
