

The logo features a large, stylized red graphic element on the left, resembling a square with a horizontal bar extending to the right and a vertical bar extending downwards. The year '2018' is written vertically in light blue text within the vertical bar. To the right of the graphic, the word 'NATIONAL' is written in light blue, uppercase letters. Below 'NATIONAL', the name 'RYAN WHITE' is written in large, bold, white, uppercase letters. Underneath 'RYAN WHITE', the text 'CONFERENCE ON HIV CARE & TREATMENT' is written in light blue, uppercase letters. The entire logo is set against a dark blue background with a vertical red bar on the far left and a horizontal red bar at the bottom.

CONFERENCE ON HIV CARE & TREATMENT

Core Medical Services Waiver – Portland, OR

Amanda Hurley, MS, CFLE

Manager of HIV Care Services, Multnomah County Health Department

Part A Portland, OR TGA Grantee

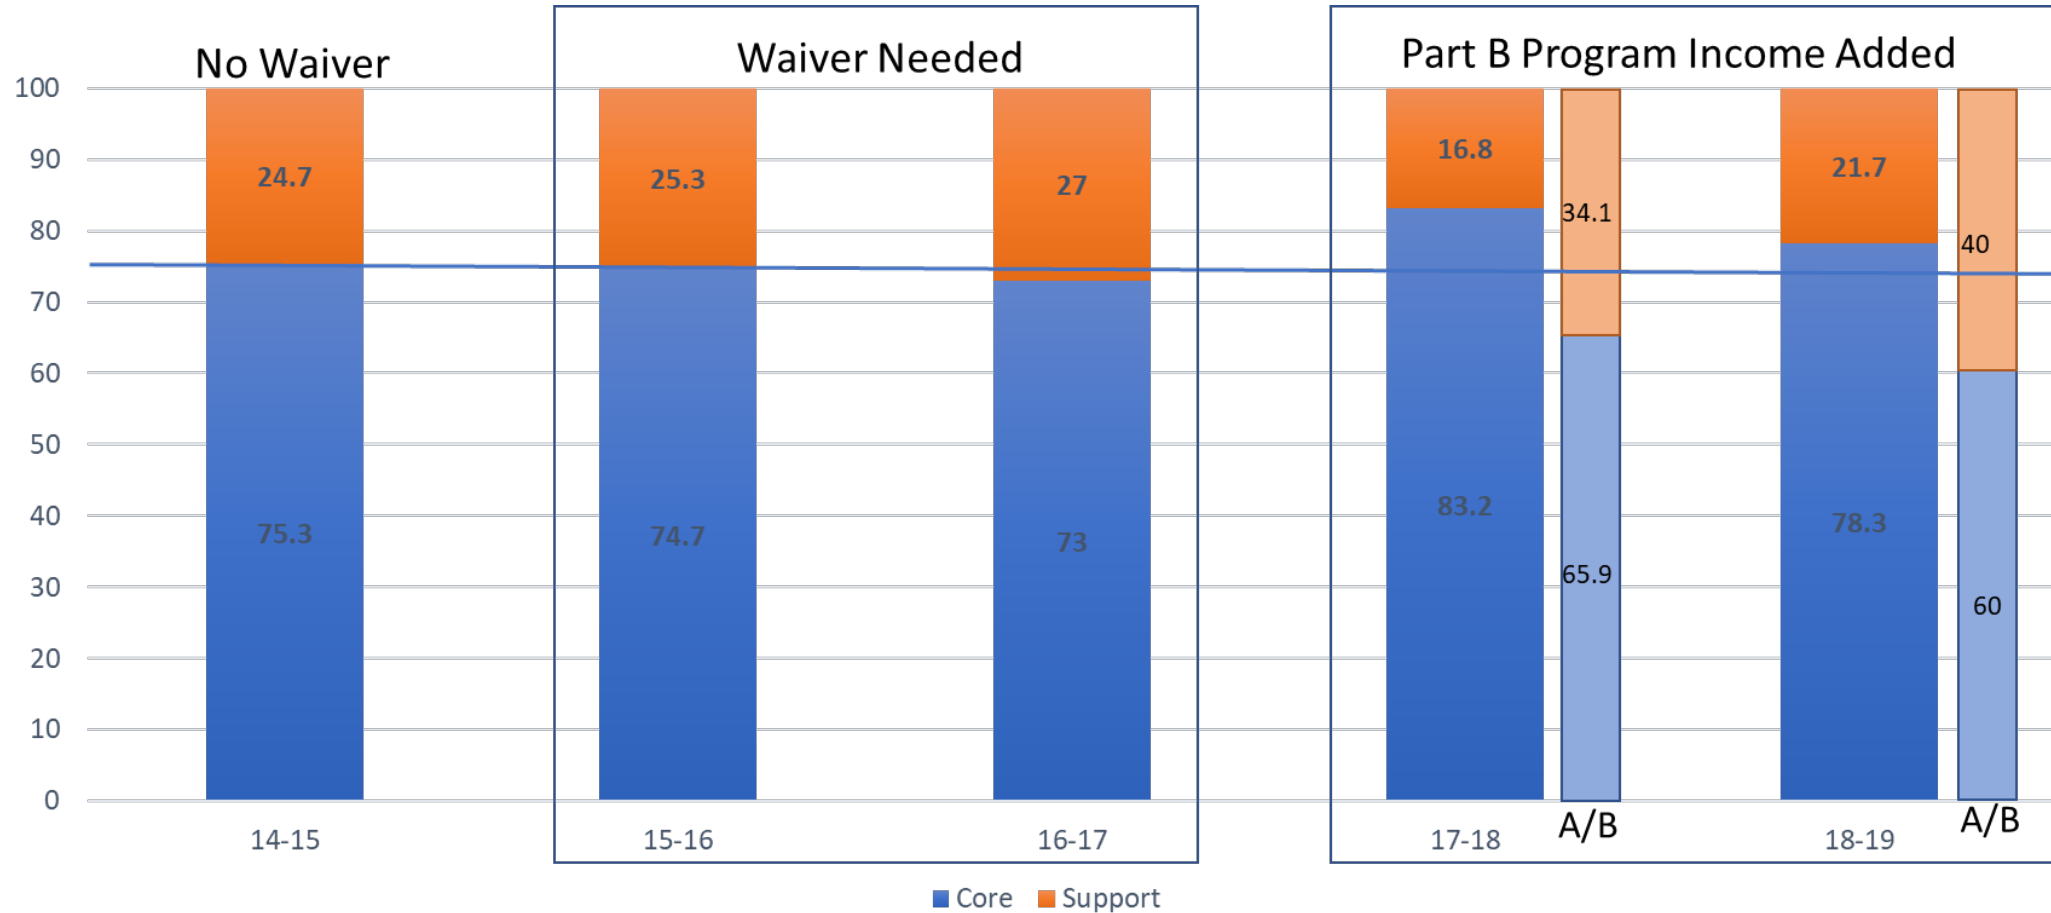

Reason for Waiver

- Requested and Approved FY15-16, FY16-17, FY17-18
- Expansion of ADAP eligibility up to 400% - 500% FPL
- Affordable Care Act – Expansion of Medicaid
 - More people covered with insurance for medical, mental health, and dental
- Housing crisis
 - High housing waitlist & low vacancy rate
 - Rent increase of 20% over 5 years
- Isolation identified as a problem not being addressed

Identifying Need for Waiver

- Medical Monitoring Project found more gaps in supportive services
- Client Satisfaction Survey – support groups, food & housing
- Planning Council PSRA – identified priorities using waiver and non-waiver scenarios
 - 40% of members are consumers
 - Meetings are open to the public
 - Public testimony
- Care Cascade – disparity for people that are unstably housed
- Provider qualitative reports

Allocations Trend

Projected Benefits and Outcomes

- Housing – provide more financial assistance
 - Higher rents
 - Longer assistance
- Psychosocial Support
 - Long term survivor groups/workshops
 - Decrease isolation
- Food/Home Delivered Meals
 - Higher costs of food
 - Serve more people
- Increased viral suppression rate

Actual Benefits and Outcomes

- Housing waitlists decreased over first two years of waiver, but has since increased as we connect with more people
- More robust housing services
 - Housing navigators at MCM sites
 - Housing linked to substance use treatment
 - Outreach coordinator for more field intakes/planning meetings
 - Focus on more vulnerable populations
- Better integration of housing with other services

Actual Benefits and Outcomes (cont.)

- Added a new food bank provider to the system in outer county
- Held 4 long term survivor workshops
 - Well attended
 - High scoring evaluations
 - Better connection to grassroots organization for LTS
- Able to have broader discussions about unmet needs during PSRA process
- Viral suppression rates remain relatively the same

Impact of Receiving Multiple Waivers

- No longer need waiver due to partnership with Part B
- Continue to prioritize core medical
 - Medical Case Management
 - Ambulatory/Medical
- Added more support service categories
 - Non-medical Case Management
 - Residential Substance Use Treatment
- PSRA process has been easier
